

For detailed 2013 results see [ICC Forum](#).

It's been a great start to the road race and time trial season for the members of ICC. Below are some of the key results so far this season but there have been fantastic results across the board. It shows how well the club is doing when the numerous other podium places and top 10 finishers don't get a mention. A number of riders have moved up a race category and there have been plenty of PBs. Full details can be found in the forum and keep your eye on the Ilkley Gazette sports pages.

Time Trials

Road Racing

Featherstone Road Club 10 – Ewan Farrow – Winner

Emily Hallworth – Fastest Lady

Double winning weekend for ICC's Ben Hallworth

Ilkley CC rider Ben Hallworth produced two fantastic winning rides last Saturday and Sunday in a full weekend of racing. Overall it turned out to be one of the most successful weekends for the club with Katherine Church taking first lady in a Yorkshire event, many riders gaining top ten places across the country and the club scooping the team prizes in three events.

On Saturday Hallworth competed in the Highfield Kitchens Spring Shield Circuit Race at Hetton-le-hole. On a damp and cold morning the riders competed in an eighteen lap race of the closed circuit course near Sunderland. After only three laps Hallworth made his move and quickly gained a decent gap on the chasing bunch. This was a brave move so early in the race. Many attempts were made by riders in the chasing bunch to bridge the gap to the leader but none could match the speed of Hallworth once he had settled down into his solo effort. Over the next fourteen laps he steadily increased his lead on the bunch. Into the final lap and Hallworth's lead was up to just over two minutes meaning he had enough time to savour his first win of the 2013 season.

On Sunday Hallworth completed on the Yorkshire Cycling Federation hilly time trial on the club's local Addingham circuit. A good number of Ilkley CC riders competed in the local event . Hallworth produced another storming winning ride covering the hilly ten miles in 26mins and 24 seconds, this was supported by Ewan Farrow taking 3rd place in 26:31 and Ged Millward in 5th place with 26:51. In the Ladies race Katherine Church headed the leader board with her first solo win of the 2013 season in a time of 30:02 and closely supported by Leanne Farrow in 31:44 (2nd Lady), Emily Hallworth in 33:38 (3rd Lady) and Charlotte Cox in 41:04 (6th Lady), again another team prize for the club.

On Saturday the Pendle Forest CC prompted their annual classic hilly time trial, the Circuit of Ingleborough. This classic covers a single loop from Ingleton, Clapham, Bucker Brow, Settle, Ribbleshead and back towards Ingleton to finish near the White Scar Caves giving a gruelling 29 mile race. The wet and cold conditions did not deter Ewan Farrow who covered the course in 1hour, 7mins and 59seconds for 4th overall. With excellent support from Dave Kinloch (1:10:49) and Matt Cox (1:19:22) Ilkley CC won the team prize.

Over in Humberside on Saturday Ged Millward and Dave Leckenby completed in the Hull Thursday 24mile 2-up time trail, they worked well together covering the course in 53mins 10 seconds for the 5th best team on the day. The winning time was set by former GB rider John Tanner and Nigel Haig (Strategic Lions) in 50:15.

Meanwhile over in Lancashire Ilkley CC had riders in two events. Rob Ormrod took second place in the Clitheroe TLI RR (Event 3) on Sunday. A break of four went on the first of eight laps and worked well to stay away all race. One of the riders attacked with a lap to go leaving Ormrod to take the sprint for second place in his first outing of 2013. Neil Rollins completed in the Salt Ayre Circuit race on Saturday over in Lancaster, this 40 minute plus a lap race was run off at a fast frantic speed. Rollins waited until the latter part of the race to make his move. He gained a gap but the chasing riders realising the danger closed the gap resulting in a mass sprint at the end which Rollins took 4th place in.

Tom Andrews took the opportunity whilst in Hampshire to complete in the Omega Portsmouth Circuit race on Saturday. This 30 minute plus 3 lap race mainly stayed together, several small splits occurred but due to the exposed course the wind made it very difficult for the smaller groups to stay away from the bunch. On the last lap Andrews attacked and three other riders joined him, all four worked well together as they quickly realised the chasing bunch was trying to coordinate their efforts to bring them back. In a close sprint for the win Andrews was edged out to 4th which is a very creditable early season result.
